PROFESSIONAL SUMMARY

Results-driven operations and finance professional with over 10 years of experience in the oil and gas industry, specializing in financial management, retail operations, inventory control, and team leadership. Proven ability to oversee multi-location operations, manage financial reporting, monitor stock distribution, and maintain strong stakeholder relationships.

Currently expanding expertise in technology through Full Stack Web Development and AI Engineering training at Turing Tech. Skilled in building modern web applications using HTML, CSS, Tailwind CSS, JavaScript, React, and Node.js. Passionate about leveraging technology, artificial intelligence, and cybersecurity to solve business challenges and drive innovation.

CORE COMPETENCIES

- Operations Management
- Financial Reporting & Reconciliation
- Inventory & Stock Management
- Retail Operations
- Team Leadership
- Process Improvement
- Fraud Prevention & Risk Monitoring
- Customer Relationship Management
- Problem Solving
- Analytical Thinking
- Cybersecurity Fundamentals
- Artificial Intelligence Fundamentals

TECHNICAL SKILLS

Web Development

- HTML5
- CSS3
- Tailwind CSS
- JavaScript (ES6+)
- React.js
- Node.js

AI & Emerging Technologies

- AI Engineering Fundamentals
- Generative AI Concepts
- Prompt Engineering
- AI-Assisted Development (Vibe Coding)

Software & Tools

- Microsoft Excel
- Microsoft PowerPoint
- Microsoft Windows
- Git & GitHub

PROFESSIONAL EXPERIENCE

Masters Energy Oil & Gas Ltd

Supervisory Area Manager (Cross River & Rivers States)
2018 – 2019

Senior Secondary School Leaving Certificate
1997 – 2002

University Primary School, Enugu Campus
Primary School Leaving Certificate
1990 – 1996

PROFESSIONAL DEVELOPMENT

Turing Tech LLC
Full Stack Web Development Program (In Progress)

Technologies Learned:

- HTML
- CSS
- Tailwind CSS
- JavaScript
- React.js
- Node.js

Turing Tech LLC
AI Engineering Program (In Progress)

Focus Areas:

- Artificial Intelligence Fundamentals
- AI-Assisted Development
- Prompt Engineering
- Generative AI Applications

PROJECTS

Decor Guru Website Landing Page

Role: Frontend Developer

Technologies Used:

- HTML
- CSS
- Tailwind CSS
- JavaScript

Key Contributions:

- Designed and developed the Contact Section.
- Built the Comment/Feedback Section.
- Implemented responsive user interface components.
- Collaborated using AI-assisted development and vibe coding techniques to accelerate project delivery.

CERTIFICATIONS

- Cisco Networking Academy – English for IT 1
- Cisco Networking Academy – English for IT 2
- Cisco Networking Academy – Introduction to Cybersecurity
- 3MTT National Information Technology Development Agency (NITDA) – Certificate of Completion in Cybersecurity
- LinkedIn Learning – Career Essentials in Generative Artificial Intelligence

STRENGTHS

- Strong analytical and problem-solving skills
- Excellent communication and interpersonal abilities
- Leadership and team collaboration
- High attention to detail
- Ability to work effectively under pressure
- Self-motivated and target-oriented
- Adaptability and continuous learning mindset

INTERESTS

- Software Development
- Artificial Intelligence
- Cybersecurity
- Coding
- Reading
- Traveling
- Team Collaboration
- Cultural Exchange
